Full Stack Web Developer | Back End & Front End Developer

Professional Summary
_____

Analytical, goal-driven full stack web developer, with experience in **developing Api Rest** and **React Apps**. Seeking a full-time software development position to deliver solutions to business needs.

Core Skills and Achievements
_____

- **Communication and presentation:** As a Software Development Student, successfully delivered engaging online presentations detailing various projects. As a certified announcer, was hired as a host and presenter at various company events, for audiences of up to 2000 people. I also have 5+ years' experience working as a teacher of English as a Second Language, where my outstanding communication and presentation skills allowed me to liaise effectively with parents and school directors, as well as to inspire classes of 30+ students and ensure their progress.
- **Innovative and forward-thinking:** When working on group coding tasks, predicted various possible issues, which enabled the team to prevent those problems before they arose.
- **Time Management and organisation:** Kept coding team on-schedule through various web app presentations, successfully completing all deliverables before the target deadlines, using Trello as my main project management tool.
- **Team worker.** Have been a key member of various companies and coding groups, where my leadership skills were recognised and I was chosen to project-manage every team assignment.
- **Resilient and adaptable:** Have lived in various countries, such as Germany, Italy and Ireland, where I adapted to different cultures and languages, and thrived in new environments.
- **Technological skills**: Good skills in utilising Javascript, HTML, CSS, Node JS, Express JS, POSTGRESQL, MongoDB, SQL - GIT, GitHub Flow, React, Redux, Sequelize, Scrum, Trello, and Basic TypeScript.
- **Languages**: Spanish (Native), English (C1), Italian (B1)

Professional Experience
_____

Teacher of English
Jun 2021 - Jan 2022
María América Barbosa #8 Public High School - Gualeguaychu, Argentina
- Planned, prepared, and delivered engaging, goal-focused lessons to groups of 30+ students.
- Created lesson plans for groups of highschool students at different levels of proficiency, combining students' personal interests with lesson objectives to create engaging activities.
- Designed and conducted exams, graded them, and provided students with feedback.
- Generated progress reports for parents, as well as school directors.

Logistics Operator
Sep 2020 - Oct 2020
Decathlon - Schwetzingen, Germany
- Packaged and labelled orders of all sizes and prepared them for international shipment.
- Organised and stored products as necessary.
- Adhered to loss prevention and inventory control procedures.
- Helped to maintain a clean and safe work area, by following all health and safety regulations.

Teacher of English
Feb 2015 - Nov 2019
Abrazo Fraternal #16 Public Primary School - Gualeguaychu, Argentina
- Developed innovative and unique lesson plans for classes at different levels of proficiency in English.
- Organised and supervised special events and activities that encouraged students to communicate in English.
- Liaised with parents and colleagues to ensure students' academic success.

Insurance Executive
Dec 2008 to Sep 2014
MAPFRE (Insurance Company) - Buenos Aires, Argentina
- Was promoted to this position due to my proactivity in expanding my knowledge on company policy.
- Answered insurance managers' phone calls and assisted them in registering new clients, updating insurance policy information, and providing any information they would need in order to ensure customer satisfaction.
- Collected and updated customer information to ensure coverage was correct.

- Achievements in this position included being the official announcer for corporate social responsibility campaigns, where I would travel to various cities in Argentina to present the above-mentioned campaigns at different events.
